

THE HIP HOP FAMILY REUNION CAROLINA EDITION

HEY MISS AMY, CAN I PERFORM? WHAT'S A POP UP PERFORMANCE?

So here is how it is going to work, first off, don't think of this as a concert or even a show. We want it to be more like a house party, I swear if I see ya'll posted up against the wall I will shame you!

As for the performances, yes, I have specific artists that I consider family, either under the BuGoudi House "roof" or what I refer to as play cousins. They are going to perform throughout the day, but not in "full" sets. Then there are people who have been in my house, who I respect and know won't embarrass me in front of company.

So here is a hypothetical example of what could happen in a given "set":

Schylerchaise – Life\$tyles of... featuring Makeda

High Im Ry – Forks & Knives featuring Makeda

High Im Ry – Willie Dynamite featuring SchylerChaise and Frais

Frais – 70's Porn (because we demand to hear the hot fire ;))

Frais – Lucifrais

And then I saw this today

Frais @Frais006

in the lab with @Spanish_Brian & @OGODItsBank again today see what we come up with

11h

So then Frais might have those nice young men perform a song with him. (I don't know them, but they have both been co-signed by residents of 8910, so they are good. But if I don't know you or know of you in a positive light, I can't let you perform...but don't fret, keep reading down to the Cypher and Freestyle Challenge)

Or Stranger Day may perform a song and then have Elevator Jay do a song with him and then Elevator Jay has Shome and Lotta and Sr do a Hornets N.E.S.S. song and then Shome and Lotta perform Fillmore Slim.

My vision is to give everyone some light, showcase as many collaborations as possible. The guys in FC have features from or with most all the artists in the city. And Tange has her friends and Well\$ has his...Pooh has NoveJ....so you see the trend, yes? If it's not clear, you can email me (missamy@bugoudi.com) or hit me on Twitter. But regardless, if you do music, bring it with you, who knows what may happen.

My only rules are no bogarting the stage, and I do not need to have a bunch of dudes who are not rappers up on stage with no purpose, if you happen to have back up dancers..ok...but I would much rather have the hype at the front of the stage than on it...I mean really, when there are more kids on stage than in front of it, it makes no sense.

On the Freestyle Challenge:

This is open to anyone brave enough to do it, but fair warning, I am not pulling punches, so don't get in your feelings. So we will have a sign up sheet to keep track of everyone. I will have topic sheets, each with 3 words. You pick one and then when the beat drops you have to spit a verse using all three words, stay on beat and don't stumble. If you mess up, I will calmly take the mic from you ;) We will keep going in rounds until one person is left and if the winner is not someone who is already performing, they can do a 3 song set on the spot.

Cyphers, Breaking and Tagging

So if you have been to the Neighborhood Theater, there is the bar side and then the stage side. On the bar side we will have canvases set up for tagging. Bring spray paint, but the low fume kind....if you use other mediums just respect the venue...tag the canvas, not the walls. Cyphers just happen...same with the breaking... doors open at 3 but the performances are at 5..so if you start a cypher and I hear you and you don't sound like Dr Suess, I may have you perform later.

Ok, that's it...again, feel free to contact me if you have questions ☺
